

# HolaWithPooja - Beginner Spanish Notes

## Basic Greetings

Hola = Hello

Buenos días = Good Morning

Buenas tardes = Good Afternoon / Good Evening

Buenas noches = Good Night

## Important Grammar Note

In Spanish, nouns have gender (masculine or feminine).

**Buenos** is a masculine form.

That's why we say **Buenos días** because *días* is masculine.

**Buenas** is a feminine form.

That's why we say **Buenas tardes** and **Buenas noches** because *tardes* and *noches* are feminine words.

Learning the gender of words is important because adjectives change according to masculine and feminine nouns.

## Pronunciation Tip

The letter **H** is usually silent in Spanish.

Example: Hola is pronounced approximately as 'Ola'.
